

Aggtelek National Park, north-eastern Hungary

Tuesday 5th - Thursday 14th May 2015

A 9 night wildlife
adventure with
EuCAN from £1200

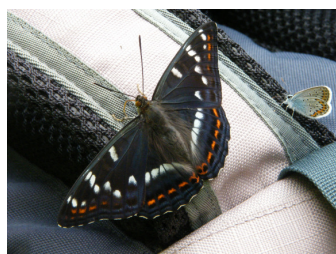

Aggtelek National Park and its surroundings are among the richest areas of Hungary for wildlife, and early May is a superb time to visit for birds, insects, amphibians and wildflowers. Not to mention the bats, mammals, scenery, culture, caves and local food!

Aggtelek lies close to the Slovak border in NE Hungary and is renowned for its wildlife as well as its extensive and very dramatic cave systems. The landscape consists of rolling wooded hills with great expanses of open species-rich grass-land, fairly low-key agriculture, orchards and wooded river valleys. The higher forests support small populations of bear and wolf.

Your holiday 9 nights in guesthouse accommodation in the little hamlet of Komjáti on the edge of the Gömör-Torna Karst and within easy reach of the national park. Half-board with food provided by local caterers at the guesthouse and delicious locally-sourced picnics for lunch. It is a very gentle landscape - the walks will be as easy as you choose! Minibus pick-up from near Budapest.

Your leaders Nigel Spring and Kathy Henderson have been leading groups to Aggtelek since 2007, when they founded the European Conservation Action Network (EuCAN). Kathy is an experienced botanist and Nigel is an enthusiastic all-round naturalist and teacher.

Price includes minibus transport from and back to the meeting point in Hungary, full board and accommodation for 9 nights, excl travel out from the UK, drinks, insurance and meals on journey. Price per person: accommodation in twin room - £1200, single - £1325. Deposit with booking £200 per person - booking forms on request .

EuCAN Community Interest Company runs training courses and conservation placements in the UK and several other countries of Europe. All proceeds from this holiday will help to fund training and conservation visits to our European partners. www.eucan.org.uk
